Chairside Support Services

Chairside Fee Schedule

ROE is proud to have an experienced team of chairside technicians available to assist our clients with advanced cases. Chairside support costs depend upon how far a technician is located from your office. We have technicians based in multiple cities across the U.S. and we will attempt to match you with the closest appropriately skilled technician to provide the lowest cost. The fee is agreed in writing prior to finalized scheduling. The fee schedule is listed below and includes all travel costs and expenses so there are never any surprises.

The only exception is if a procedure runs dramatically over schedule. In this case, the cost of a flight change and/or an overnight stay may be required.

Single Arch:

- Includes 6 hours of chairside assistance
- Additional time is $150/hr
- *National / National Rural:* Includes one night hotel stay

Double Arch:

- Includes 8 hours of chairside assistance
- Additional time is $150/hr
- *Regional:* Includes one night hotel stay
- *National / National Rural:* Includes two nights hotel stay
